

FITTING INSTRUCTIONS

Ensure hands and earplugs are clean prior to fitting.

Roll earplug with tips of fingers to compact foam into a thin crease-free cylinder.

Insert the compressed earplug well into the ear canal. Pulling the ear outwards and upwards will make fitting easier.

Ensure earplugs are suitably fitted as per diagram.

WARNING

1. Earplugs should be stored in a cool, dry place away from children's reach.
2. Failure to follow fitting instructions could result in improper fitting of earplugs, which in turn will reduce the effectiveness, and could result in hearing loss & injury.
3. These foam earpugs are disposable and not intended for reuse. (except NP104CD)
4. Earplug should be removed slowly, by twisting them to slowly break the seal. Removing them too quickly could damage your ear drum.
5. Corded earplugs should not be used in a situation where the cord could get caught up during use.
6. Keep away from infants and small children. These earplugs are non-toxic, but may interfere with breathing if caught in the trachea. Cords could also become wrapped around the neck, which could lead to serious injury or death.
7. Earplugs should be worn at all times in noisy environments.

The EU Declaration of Conformity can be downloaded from our website www.edge-safety.eu by going to the dedicated section of the product.

! THE REPORTED ATTENUATION OF THE PROTECTOR WILL ONLY BE OBTAINED IF IT IS GOOD CONDITION AND IS FITTED AS DIRECTED. REFERENCE SHOULD BE MADE TO EN 352-2:2002 TO ENSURE THE CORRECT SELECTION AND USE OF PROTECTORS.

The polybag may present a choking hazard. Keep away from children
